To lasso aroma—lasso Omar,
crowded with aroma to the last
genial whiff!

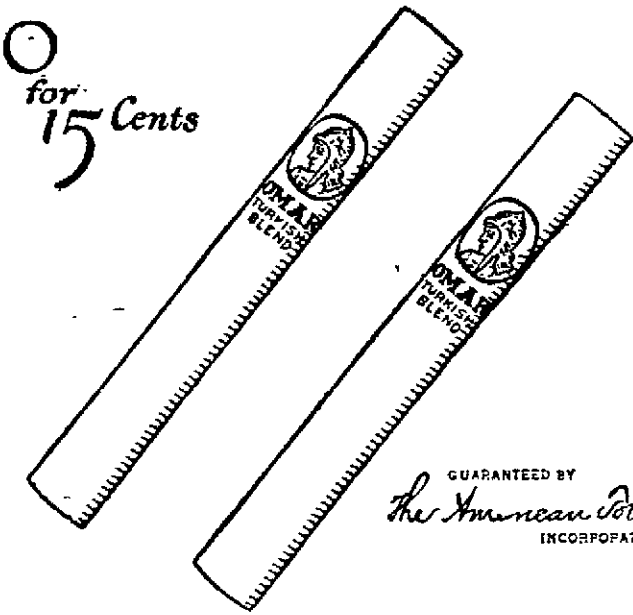

Omar aroma! It's a racy yet smooth
aroma—a thrill to the senses, a joy to
the soul.

Aroma makes a cigarette—they've
told you that for years. And Omar
is aroma. It's the perfect Turkish
blend—the triumph of rich Turkish
and ripe accentuating leaves. Then
Omaromar spells aroma. Even the
words blend.

Washington Gossip

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 26.—The senate
voted favorably today on the \$25,
000 appropriation to pay for inaugu-
ration expenses at the capital, but
not until there had been some lively
talk about how Washington hotel
keepers "rob" visitors and some ob-
servations that the inaugural cere-
monies have come to resemble a cor-
poration picnic.

When Senator Overman brought
the resolution from the appropri-
ations committee, Senator McCumber,
Republican, suggested that it should
include provisions to prevent hotel
keepers from raising their rates. He
said he had been informed by one
hotel that a room for inauguration
week would cost \$200.

"If you come to object to this
resolution," said Senator Works, Re-
publican, "I would like to see one
president inaugurated with a cor-
poration picnic. We are having a cor-
poration every four years and it is a
democratic and un-American and
would like to see it abolished."

Pan-American diplomatic corps show
a marked divergence of opinion. The
diplomats from the south have re-
frained from making suggestions to
their governments, however, and
they have received nothing from
their foreign office directing them to
express either approval or disapproval.

By a great part of the Pan-Ameri-
can representatives the address has
been received with much reserve.
One representative of one of the
more important South American na-
tions characterizes the address as a
document that will in times to come
be regarded by the world as a most
practical rather than a most idealis-
tic state paper.

It was indicated that most of the
southern American governments feel
deep sympathy with the president's
efforts.

Pressure of legislative business
again today caused the senate to de-
fer discussion of President Wilson's
world peace address.

Secretary Lansing has sent to the
Mexican de facto government another
communication, protesting against
the enforcement of a decree provid-
ing for the forfeiting of mines. In-
quiry was made for the forfeiting of
mines and it is not known if the
communication will be received from
Mexico. It is one of a series of
communications on the same subject
and in view of favorable action ob-
tained by former representations it
is believed a postponement of the
date will be granted. Already the
date has been postponed twice.

BOND ISSUE OF \$12,000 VOTED BY SCHOOL DISTRICT

At a special election held in Union
township yesterday for the central-
ization of the schools and the bond
issue to pay for the erection of the
school both issues carried.

The vote on the centralization was
79 for and 21 against; on the bond
issue 67 for and 21 against. The
centralization of the school idea has
met with the favor of the people of
that community who feel that bet-
ter results can be obtained than by
the outlying small district schools.

J. S. Mason is superintendent for the
Union township district and T. E.
Jain is president of the school board.

The bond issue was for the is-
suing of \$12,000 with which to
erect the central school building.
The new building will be located as
near the center of the township as
possible, probably on a tract west
of Union Station.

Laborers Favor Peace League As Planned By Wilson

(ASSOCIATED PRESS TELEGRAM)
Manchester, Eng., Jan. 26.—The
labor conference in session here to-
day unanimously adopted a resolu-
tion urging that "all the British rep-
resentatives at the peace conference
should work for the formation of an
international league to enforce the
maintenance of peace on the plan
advocated by the president of the
United States and approved by the
British foreign secretary."

The resolution demanded that the
British plenipotentiaries should in-
clude an adequate number of parlia-
mentary representatives of organized
labor. The mover of the resolution
remarked that many words had been
spoken about Russia but it should
not be forgotten that it was Russia
that initiated The Hague conference.

The conference also adopted a res-
olution declaring that labor was op-
posed to the after the war policy of
the Paris conference and demanding
"free trade for every country" with
safeguard for the maintenance of in-
ternational labor conditions fixed by
international trade union agreements.

Another resolution passed urged
the government to purchase all im-
ported foodstuffs in the country of
their production and that the gov-
ernment arrange for their transport
and distribution at prescribed rates.
It also urged similar measures for
the control of the home production
of food.

Durand Said to Have Deserted Wets; Denial is Issued

Recently an announcement was
printed in Columbus papers of the
fact that Homer Durand, one of the
most influential liquor advocates in
the United States had deserted the
wet cause to take up the work for
the dry.

Details of the plans of Durand
were lacking but it was asserted that
he was contemplating joining the dry
forces and campaigning for them.

The rumor was received with sur-
prise by his friends, and yesterday
was firmly denied by his relatives.
Durand has as yet issued no state-
ment regarding his sentiments.

Durand is well known in Newark
having taken part in several wet and
dry campaigns here in recent years.

Mrs. Adelaide Stevens.
After a week's illness during
which time no hope was entertained
for her recovery, Mrs. Adelaide
Stevens, died at her home 244 North
Fourth street, Friday afternoon at 2
o'clock.

On Thursday night a week ago as
Mrs. Stevens was going up the stairs
to the M. W. of A. hall to attend an
entertainment of the Eastern Stars,
she was stricken with paralysis. She
was removed to her home but her
condition remained critical, until
death came this afternoon.

She is survived by two daughters
and two sons. The funeral will be
announced later.

At any rate the people who feel the
need of more exercise can always run

France Plans to Care For Tourists When Peace Comes

(ASSOCIATED PRESS TELEGRAM)
New York, Jan. 26.—In antici-
pation that after the war ends there
will be an enormous influx of tour-
ists to visit the invaded districts and
scenic points, besides those who go
there as representatives of foreign
industrial and commercial houses,
plans are being made to spend \$100,-
000,000 in construction and enlarge-
ment of hotels. This is set forth
in the fourth installment, made pub-
lic today, of the report of the Ameri-
can industrial commission sent to
France by the American Manufacturers'
Export Association.

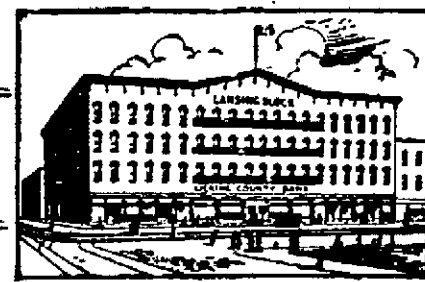

A campaign of publicity has been
begun through various national
bodies, supported by the French gov-
ernment, it is stated, to acquaint the
world with the movement to inaugu-
rate a first class hotel system in
France and to invite capital to take
part in it.

GUYNEMER MENTIONED AGAIN.

Paper Increases Price.

The Philadelphia Record is the latest paper to increase its subscription rate. Beginning next Monday the rate of the Record is to be doubled. This increase of price has been forced upon the publishers by the increase in the cost of all the materials that enter into the issuing of a newspaper. The advance in the price of paper upon the Record is printed alone represents an increase of more than \$250,000 for 1917 over the price paid in 1916 and for some years past. Other materials used in the publication of a newspaper have also advanced in price. To continue to sell the paper at the present price in the face of the present cost of production would preclude the possibility of publishing the paper at all within a short space of time.

Farmers of Ohio are pleased at the proposed correction of faults in the present conduct of the agricultural department. On his accession to office Governor Cox announced that there would be no legislative changes, merely from caprice or pride in authorship. Accordingly the good in the present law is to be retained and its weaknesses removed. Inasmuch as the "decentralizer" did not restore the old duplication of effort, very little change is found necessary to give executive strength to the administration of the law. A bill, approved by agriculturists of both parties, has been introduced. It is assured of passage.

Within two weeks after taking office Secretary of State W. D. Fulton found a miserable auto tag condition inherited from his predecessor, whose connection with the \$12,000 profit arrangement with a state senator will be remembered. The company which has the current contract failed to deliver promptly, and delivered an inferior and cheap looking tag. Secretary Fulton and Attorney General McGehee took the matter up promptly and have secured promise of better treatment from the manufacturer.

The blue sky law, passed under the first administration of Governor Cox, has been upheld by the supreme court of the United States. This means that Ohio investors will continue to be protected against fraudulent schemes designed to part the unwary man from his savings. Incidentally the decision in the Ohio case gives the direction to other states that have been waiting the turn of events, so that again Ohio leads the way in the progressiveness which began here four years ago.

The eighty-second general assembly of Ohio is now well under way, bidding fair to establish a record in the manner of doing business. Partisanship, other than in organization, is discarded, and Republicans vie with Democrats in an effort to give real service. Daily the office of the governor is visited by non-partisan committees seeking advice. This has become so much the rule that the governor has set aside the forenoon of each day to conferences with delegations of the house and senate.

One of the big problems before the present state administration is the preparation and passage of new taxation laws, the decision of the supreme court having practically wiped all assessment laws from the books. The problem has been placed in the hands of a bi-partisan committee composed of an equal number of Republicans and Democrats. They have employed assistance of attorneys versed in tax lore and the hope is to work out a satisfactory solution.

State Auditor Donahey has offered many helpful suggestions to the Ohio legislature, which if adopted will save the state money, and add to efficient service.

In an effort to learn how the present school laws operate in all communities, Governor Cox has requested that patrons write letters to him giving their views of the situation.

1915—Zeppelins threw bombs into Li-bau, a Russian Baltic port.

Mexico and Europe.

(Philadelphia Record.)
Several able American editors, politically hostile to the President, echo the name of Lord Northcliffe, that the President is trying to enforce peace in Europe when he is unable to enforce peace in the small adjacent nation of Mexico. The Americans, like the Englishman, are under too much stress of feeling to think coherently.

The President has distinctly disclaimed any suggestion of the terms upon which the present war is to be closed. He says expressly that it is no affair of the United States. This country will not try to stop the fighting, or dictate terms to the belligerents. Of course, it would be futile for us to undertake it, and the President has not the least idea of making himself or the country ridiculous.

But, looking beyond this war to the coming centuries, he sees a possibility of riding the world of war, its greatest scourge. To that end he favors an association of nations to prevent any one from breaking the peace. Of course, he does not go into details, but we may assume that he is in general accord with the League to Enforce Peace which is headed by his predecessor in the Presidency. The League does not undertake to suppress every appeal to arms, but to require every nation that has a grievance to prosecute it before some sort of international conference or tribunal before resorting to arms. The proposition is that any nation shall be restrained from attacking another until its grievance has been considered by the other members of the family of nations. War might still be resorted to, but not many wars would be begun under such circumstances.

In some such league as that, the President believes that the United States ought to enter, provided that the present war shall end on terms that are not calculated to start another war. It is the same idea that Kant expressed when he said that no treaty of peace was worthy the name if it contained the seeds of another war.

The President has not tried to suppress war in Mexico, but to give the Mexicans an opportunity, and all encouragement, to settle their differences and establish a government of the people and for the people and by the people, which is the only condition of permanent pacification. He is not undertaking to enforce peace in Europe, or dictate terms, or even to mediate, but to indicate to the belligerents the kind of peace that seems to him likely to last and not to breed another war, the kind of peace which the United States would be likely to join the rest of the world in guaranteeing.

If the belligerents do not care for a permanent peace, or if they do not care for the co-operation of the United States in guaranteeing it, we see nothing in the President's address to the Senate to question their right to fight till they are mutually exterminated.

Our National Parks.

(Rochester Democrat and Chronicle.)
Under the auspices of the Department of the Interior, the first great national park conference ever held in this country recently opened in Washington. The purpose of the meeting is to awaken a deeper and a more widespread interest in our great system of national parks. A number of prominent Americans were on hand to aid the movement by their influence and oratory.

Probably few people appreciate the number and extent of our national parks. This is a complete list of them:

- Yellowstone National Park, in Wyoming, Montana and Idaho. 2,142,720 acres; Yosemite National Park, California. 719,622 acres; Glacier National Park, Montana, approximately 915,000 acres; Mount Rainier National Park, Washington. 297,360 acres; Sequoia National Park, California. 161,597 acres; General Grant National Park, California. 2,536 acres; Crater Lake National Park, Oregon. 159,260 acres; Wind Cave National Park, South Dakota. 10,522 acres; Platt National Park, Oklahoma. 848,222 acres; Mesa Verde National Park, Colorado. 12,276 acres; Sullys Hill Park, North Dakota. 780 acres; Casa Grande Ruin, Arizona. 480 acres; Rocky Mountain National Park, Colorado, approximately 229,000 acres; Hot Springs Reservation, Arkansas. 911.62 acres.

These great parks are unsurpassed in natural beauty. The immense stretches of the Yellowstone, the stately Sequoia trees and the rugged grandeur of Grand Canyon are fairly well known. The less familiar parks are also well worth visiting. Each has attractions that draw travelers from all parts of the country.

Quaker Quips.

(Philadelphia Record.)
A poor way to keep a woman's love is to put it in cold storage.

In spite of the fact that the brevity is the soul of wit, it is really no fun to be short.

When the barber takes a slice out of your face are you prepared to turn the other cheek?

Many a man who says he doesn't know what fear means is still young enough to get married.

With the people who grow old gracefully wrinkles are merely the dimples of second childhood.

The worst thing about paying as you go is to see some other fellow using a pass.

Guzzler—"It's getting late. Have a night cap?" Wilewag—"No, thank; it always goes to my head."

Nell—"She is very eccentric." Belle—"In what way?" Nell—"She actually prefers comfort to style."

The fellow who doesn't care what people think is the one who wears the neckties his wife buys for him.

The fellow who always loses at cards may win a warm spot in the hearts of those who defeat him.

Did You Know
That the dormouse is a connecting link between the mouse and squirrel families? Their habits resemble those of squirrels; the dentition, however, more nearly agrees with that of mice. Their fur is very fine and soft, the tail is long, and in the different species has characteristics intermediate between those of mice and squirrels.

The Bicycle Revival.
By the advent of the automobile and the motorcycle the bicycle went into eclipse. Now it is coming back. The production this year is expected to be 1,000,000 "wheels."—Commerce and Finance.

Co-operation.
One important thing that is impressing itself upon leading business men is the necessity for co-operation among the countries of the world. It is particularly necessary in all trade relations, if the most desirable results are to be obtained. Friction in all activities, is costly and unnecessary. When mankind learns that there is trade enough for the people of all nations there will probably be no more wars, and some day this fact will be generally understood.—Christian Science Monitor.

WOMAN'S RIGHT TO CHOOSE HER OWN CAREER

Anna Steese Richardson, writing in February Pictorial Review, on the subject of "The Woman Who Works and Her New Freedom," says:

"No girl is economically independent unless she actually earns her bed, board and clothing. The daughter of prosperity who is partially supported by her father is 'dependent' only in theory. We will never have true economic independence for women until the girl who need not work demands the wages on which the girl who must work can live decently and wholesomely. When daughters of prosperity approach gainful occupations in this broad spirit, the same spirit in which their brothers go to work, there will be less talk about the minimum wage, and a kinder feeling toward the girl who works when it is not necessary."

"The better to understand the situation, consider the motives which lead young girls into trades, business, and the professions."

"If the senior class in a typical school for girls could be induced to analyze their innermost and perhaps unsuspected reasons for planning to enter some gainful occupation after graduation, the schedule of motives would read something like this:

"I. Girls who must work in order to live, 10 per cent.

"II. Girls who, in appreciation of parental sacrifice, desire to contribute to the support of the family circle, 30 per cent.

"III. Girls who prefer work on small wages outside the home to performing their just share of household duties in return for parental support, 30 per cent.

"IV. Girls who believe that their matrimonial chances will be better in business than in the home, 20 per cent.

"V. Girls who offer no reason except that 'everybody does it now, 6 per cent.

"VI. Girls who have some special gift or ambition to which they are steadfastly pledged, 6 per cent.

"VII. Girls who believe in the broad doctrine of woman's emancipation through economic independence and her right to express herself in her chosen work, 1 per cent.

"Only the girls found in three of these classes last long in the gainful occupations; the girl who must work to live, and who, therefore, usually marries a small wage-earner of her own class and continues to work for a time at least; the girl whose special gift or ambition develops to the point where it fully satisfies her; the girl who is a true feminist and works on, married or single."

"Usually, the girl who toils to repay those who educate her, and to assist in the education of younger brothers and sisters, is extremely feminine and achieves matrimony as soon as her obligation ceases. The other three types of girl fall so hopelessly that they soon retire from the field of wage-earning or driven from it by exasperated employers."

If Your Children Have Colds Follow Troy Mother's Advice

Mrs. John Sharits Advises Use of the "External" Treatment.

Mothers know how difficult it is to treat children's colds. It seems criminal to give them strong internal medicine, and yet their colds can not be neglected.

Mrs. John Sharits, 747 West Water St., Troy, Ohio, solved this problem when she tried the Southern treatment—Vick's VapoRub Salve. She writes:

"We have used Vick's VapoRub Salve on our six children for the past three years, and now we would not be without it. I like it so much better than I do medicines that have to be given internally."

Vick's VapoRub can be used freely with perfect safety on the youngest child. The formula is given on every wrapper. For croup or colds, you just apply it well over the throat and chest and cover with a warm flannel, leaving the covering loose around the neck so the vapors arising may be inhaled. Croup is usually relieved in fifteen minutes, colds over night.

Three sizes, 25c, 50c or \$1.00.

Are You Particular
AS TO WHAT YOU EAT?

Do you care how many years ago the food you eat was packed or made? Last, but not least, do you value your health? If you do value your health and also that of your children, buy your food from us. We buy our foods direct from the packer, and we handle only leading brands, the kinds you KNOW are good. However, if you are not particular, and satisfied to eat old, half decayed food, some of our competitors have lots of it for sale, which they advertise at special prices. They buy it up at auction sales or at unclaimed freight offices and offer it to you. The wise housekeeper keeps her hands off of questionable foods. She buys the brands she knows and she knows she can always get them from us at rock bottom prices. DO YOU ALSO KNOW THIS?

WOMAN COULD HARDLY STAND

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Fulton, N. Y. — "Why will women pay out their money for treatment and receive no benefit, when so many have proved that Lydia E. Pinkham's Vegetable Compound will make them well? For over a year I suffered so from female weakness I could hardly stand and was afraid to go on the street alone. Doctors said medicines were useless and only an operation would help me, but Lydia E. Pinkham's Vegetable Compound has proved it otherwise. I am now perfectly well and can do any kind of work." — Mrs. NELLIE PHILIPS, care of R. A. Rider, R.F.D. No. 5, Fulton, N. Y.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound. If you have had symptoms and don't understand the cause, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

Don't Wait for the Cold to Settle

The wise way is to use Turpo before the cold settles. But if you've let it go too long, until your throat is raw and your chest is heavy with congestion—rub on Turpo, and rub it in. Fia on a warm flannel bandage. And take a good cathartic. Turpo applied in the nostrils will clear your head and ease your breathing.

Use Turpo also for catarrh; for neuritis; for cuts and burns and bruises. It quiets pain and breaks congestion. Buy Turpo of your Druggist. 25c 50c \$1.00.

Sold by Evans Drug Store, R. F. Collins, R. L. Williams, Frank D. Hall.

HOW GOOD THAT MUSTEROLE FEELS!

It Gets to That Sore Spot Like Magic

A-a-h! That's delicious relief for those sore muscles, those stiff joints, that lame back.

Musterole is a clean, white ointment, made with the oil of mustard and other home simples.

It does the work of the old-fashioned mustard plaster, minus the plaster and minus the blister!

You simply rub Musterole on the spot where the pain is—rub it on briskly—and usually the pain is gone.

No muss, no bother. Just comforting, soothing relief—first a gentle glow, then a delightful sense of coolness. And best of all, no blisters like the old-fashioned mustard plaster used to make.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuritis, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet and colds of the chest (it often prevents pneumonia).

Art, Then and Now.

"Art isn't what it was in the old days, my boy." "That's right. All you had to do then was to wear a slouch hat, flow ing tie, and an old velvet jacket. Now you've got to wear good clothes and know how to draw!" — Brown ing's Magazine.

EVERYBODY WANTS A PHONOGRAPH

BUT NOT EVERYBODY IS IN A POSITION TO BUY ONE AT THE HIGH COST OF \$75.00 AND OVER.

To Meet The Tremendous Demand For Low-Priced Phonographs, That Have The Tone Qualities Of The Higher Priced Instruments, We Are Manufacturing And Marketing The Dolce Baby Grand, Which Is Illustrated Above. IN ORDER TO INTRODUCE THE DOLCE BABY GRAND QUICKLY, WE ARE MAKING THE FOLLOWING EXTRAORDINARY OFFER:

We will ship you this instrument, together with five 10-inch records, 100 steel needles, one sapphire needle, and one sapphire ball, for the unheard of low price of \$30.00.

We do not ask, however, that you send in the \$30.00 at one time. We only ask that you send us \$5.00 as first payment and one dollar per week thereafter, until the total amount is fully paid up.

The DOLCE BABY GRAND is not a portable instrument. It is a large size cabinet phonograph, standing 50 inches high, when the lid is opened. It is richly finished in mahogany and will be found to be an ornament in any home.

We are particularly proud of the sound chamber in the DOLCE BABY GRAND, which is constructed along acoustic and scientific lines, and produces a tone, so beautiful rounded and penetrating, that it has been declared to be the equal of any tone coming from a \$100.00 phonograph.

LIBERAL PROFIT SHARING PLAN

Although we feel that the complete outfit, including the DOLCE BABY GRAND PHONOGRAPH, five 10-inch records, one hundred steel needles, one sapphire and one sapphire ball needle is the largest value for the money to be found anywhere, we are going one better with an offer that is positively unique.

If you will send us \$5.00 as first payment for this complete phonograph outfit, we will send you also one share of stock fully paid up, in The White Manufacturing Co., of the par value of \$5.00.

Our answer is, that we want fifty boosters for the DOLCE BABY GRAND PHONOGRAPH in the city of Newark, and that in our judgment the best way to accomplish this, is to make the first fifty purchasers of the instrument, share holders in our company and participants in all rich profits, that are certain to accrue.

While a \$5.00 share of stock may not seem large, we suggest that it is from little things that big things grow, and that a share of stock in any phonograph company, that is developing along live lines, is bound to become highly valuable.

This unusual offer will hold good for only the first fifty purchasers of the DOLCE BABY GRAND PHONOGRAPH in the city of Newark.

The stock will be fully paid up on January 1st and July 1st, of each year there will be sent to each stockholder a printed statement, showing the total volume of trade, together with net profit, and certified to by a reputable public accountant.

The books of the company will at all times be open to inspection on the part of the stockholders and audits of the same will be regularly made by competent accountants.

Dividend checks will be mailed every six months to the respective share holders.

We guarantee the records, needles, DOLCE BABY GRAND PHONOGRAPH, and share of stock, to be just as represented. If for any cause whatever, you are not entirely satisfied with your purchase, and after 30 days' trial, do not believe

The DOLCE BABY GRAND has been aptly called "the \$30.00 phonograph with the \$100.00 tone."

This remarkable instrument is first class in every particular. Its cabinet is built by experts in their line, and it is equipped with the double spring motor, which plays three 10-inch records, with one winding, and may be rewound while the record is playing.

The tone arm used is of the Universal type, that will play any make and size of records, whether they be lateral or vertical.

The DOLCE BABY GRAND is so good, that when you set it up in your house, and hear it played, you will immediately ask, "How can it be sold at the price."

that the phonograph alone is worth more than the full price of the entire outfit, you may return the outfit, and we will refund all the money you have paid in, at once, without controversy.

We have had sufficient selling experience with the DOLCE BABY GRAND PHONOGRAPH to justify us in estimating that during the year 1917, we will sell not fewer than 10,000 instruments at a handsome profit.

The purchaser of a DOLCE BABY GRAND under this plan, will not only enjoy the music produced by the phonograph, but will have the added pleasure of receiving twice each year, a dividend check, representing his share of the profits, in the company of which he has become a vital part.

Fill out the coupon below TODAY and send in your \$5.00 so that you may be enrolled at once, in the "Fifty Boosters" club, for the DOLCE BABY GRAND.

We offer as reference as to our standing and reliability the Cosmopolitan Bank and Savings Co., Cincinnati, Ohio, and the Cincinnati Automobile Club, last named the third largest motor organization in the United States.

Remember the terms only \$5.00 as first payment, for which you are to receive the complete phonographic outfit, and one share of stock in The White Manufacturing Co. of the par value \$5.00, the balance, amounting to \$25.00, to be paid at the rate of only \$1.00 per week until fully paid.

This special offer is positively limited to the first fifty purchasers in Newark.

WRITE YOUR NAME PLAINLY and mail the coupon TODAY so that you may get the special advantage enjoyed only by the first fifty boosters. Tear this out now, and enclose with a five dollar bill at our risk.

THE WHITE MANUFACTURING COMPANY, CINCINNATI, OHIO.

Gentlemen: Enclosed find five dollars, for which please enroll me in the Fifty Boosters Club of Newark and send me the DOLCE BABY GRAND PHONOGRAPH outfit described above, together with one share of common stock in The White Manufacturing Co., on the terms and conditions described in this advertisement.

B. & O. HELPING INDUSTRIES TO STEADY GROWTH

In an address to representatives of commercial organizations in conference with B. & O. officials regarding commercial development along the B. & O. system W. H. Mauss, it was brought out that the railroad is helping existing industries to expand through increasing availability of raw materials and of markets; locating industries; development of terminals for the purpose of securing handling and developing new and additional business; original new lines for the development of the property; in selecting a suitable location for a manufacturing plant, the manufacturer should know:

Where his operating costs will be lowest.

Where his market will be the broadest.

Where his largest net profits can be secured.

To know these things the manufacturer must make a close study of:

Source of raw materials.

Marketing of the finished product.

Availability of labor supply.

Prevailing scale of wages.

Housing conditions.

Cost of living and recreation facilities for employees.

Source, cost of quality of fuel, power and water.

Tax rates.

Availability factory sites.
Transportation facilities.
Freight rates, and many things of kindred nature.

The Baltimore & Ohio officials present spoke very favorably of the work being done in a constructive way by the Newark Chamber and a large number of them will be present next Tuesday night when Vice President Thompson addresses the Chamber of Commerce meeting in the Masonic Temple. This meeting is expected to be one of the most important in Newark's history. Tickets can be obtained from J. C. Krieg and J. P. Callander or at Chamber headquarters.

MGR. FENBERG TO INAUGURATE ESSAY CONTEST

Cash Prizes and Theatre Tickets for Best Compositions on Career of George Washington.

Manager Fenberg of the Auditorium theatre invites all school children of Newark, aged 16 or younger, to enter his Washington essay contest, that is each scholar is invited to write what he or she thinks to be the most interesting facts relating to the career of the illustrious George Washington, and to submit the composition or essay to him. The story must not be longer than 100 words, and must represent your own work, except that the facts may be obtained from any source. You may use pencil, pen or typewriter. All compositions must be at the Auditorium box office no later than Friday, Feb. 16th.

Prizes will be offered consisting of \$5.00 in gold to the first; \$2 to the second; \$2 to the third; 20 picture tickets to the fourth; 10 picture tickets to the fifth, and 5 picture tickets to sixth.

What could be more appropriate subject for a composition than the career of Washington? What could be a more fruitful or inspiring topic for any patriotic American child than the life of the man who did so

much to achieve independence for our beloved country, and to start the infant republic on its glorious career? What child could not write 100 words about this great historical figure, who achieved fame as a mere youth by his work as a surveyor in the wilderness west of the Alleghenies? who saved the remnant of proud General Braddock's forces from utter annihilation after Braddock had blindly led his men into ambush; who fought steady and dauntlessly through the long and weary years of war for freedom, when others decided that success was impossible; who repudiated the attempts of others to make him king, and only accepted the presidency because of his fervent wish to see the new republic properly started on its glorious pathway through the years? Now, kiddlets, get busy, it's up to you, so hustle along and get the best essay possible. In the ad, columns of this paper you will find contest blank; clip and fill out, sending same to Mgr. Fenberg.

AUDITORIUM
"Is Any Girl Safe?"
The Auditorium today offers a sensational five part photoplay "Is Any Girl Safe?" a gripping story that every family in the whole country should see. This feature several weeks ago at the Knickerbocker theatre at Columbus turned thousands away daily. The same at the Orpheum, Cleveland and in nearly every city wherever shown, has been a big business. The showings are for today, tomorrow and today at one thirty and running until 5 p. m. starting tonight at 6:30 and running until 11:00 p. m. Lieutenant Costigan, Head of the New York police vice squad, had the following to say regarding this picture, which ran for six weeks at the Knickerbocker theatre in that city: "I believe that this picture would be a wholesome lesson to all young girls. It is true to life and will do more good than a newspaper portrayal of the same facts. In my mind there is no harm in it. However, it doesn't go far enough. As a police official, my lips are sealed and if what I say is for publication I must be quoted. However, I will say that as a portrayal of white slavery, it is just as true to life as it is possible for it to be done."

"Whose Little Girl Are You?"
A real interesting title for a musical comedy is one that the present day theatrical producer wants and the Blanchard Amusement Company seems to have made a happy selection in "Whose Little Girl Are You?" that will be presented at the Auditorium tomorrow afternoon and evening. This attraction has proven a success for the past four years and has been revised and improved and brought up to the minute with the latest songs and dances and catchiest of music and presented by an unusually strong company of musical comedy stars augmented with the usual Girls chorus. Prices are within the reach of every one and it's the biggest money's worth of fun and music of the season. Do not take it for granted that this is the regulation brand of musical comedy as "Whose Little Girl Are You?" has proven its leadership in this popular form of amusement. Chicago, Milwaukee, St. Louis, Nashville and other leading cities have praised it and proven its worth with big success everywhere, otherwise this laughing success would not have lived for four years making with big success while other similar attractions of the same class have long ago been relegated to the store house. Popular prices will prevail and seats not selling.

Sunday Program.
Manager Fenberg of the Auditorium has made a slight change in his Sunday program and will offer by popular demand the greatest of picture actresses Clara Kimball Young, who is seen in one of her latest and greatest success "The Foolish Virgin." This picture although seen here before, made such a tremendous hit, that it is brought back for the week together with Roscoe Arbuckle, famous Keystone Comedy Comedian, who assisted with that funmaker, Mabel Normand, will be seen in a two reel comedy.

"The Frolicsome Festival"
The Auditorium offers as its attraction next Monday, Pat White and his Gaiety Girls musical comedy company. "The Frolicsome Festival" and "Casey at the Convention" is the offering of the first and second of the program. The funny comedian, Pat White is the leading comic of the attraction and he is surrounded with a heavy of beautiful musical comedians, funny comedians and comedienne, including artists of reputation viz: Anna Grant, Purdie & Wilder, Walter Brown, Elliott & West, Daisy Mayfair, George Tule and many others. Seats now selling.

"My Home Town Girl"
There are no more popular stars in musical comedy than John Hyams and Leila McIntyre, the bare mention of whose names cannot but recall to mind the most successful musical comedies in which they gained such a measure of popularity. "The Girl of My Dreams" Under the direction of Perry J. Kelly, Hyams and McIntyre will be seen again at the Auditorium in their new offering called "My Home Town Girl," a musical comedy that has been declared a smashing hit and is said to surpass in charm and novelty "The Girl of My Dreams."

To deliver the lines and lyrics are cleverly picked for the gifted pen of original in conception. The supporting cast is one of unsurpassed excellence. The company carries its own symphony orchestra. A tour of the principal cities last season "My Home Town Girl" met with an enthusiastic reception at the hands of the public and the hearty approval of critics everywhere. Engagement is next Wednesday. Mail orders now being received.

"Just a Woman"
Powerful, sensational and wonderfully human is "Just a Woman," the latest play from the gifted pen of Eugene Walter, which the messrs. Shubert will present at the Auditorium Theatre soon. It comes here with the famous original New York production absolutely intact. Those who have seen Mr. Walter's other works, such as "Paid in Full" and "The Eastest Way" do not need to be told that he writes with power, a freshness of viewpoint and a dramatic skill unequalled by any other American dramatist. In "Just a Woman" Mr. Walter has displaced even more finished skill and power, while the subject—the temptations that pertain to sudden riches, and the wonderful power possessed by a true woman's love—is one of the extraordinary timeliness and value.

ALHAMBRA
Sunday.
Wm. A. Brady in association with the World Pictures presents "Trilby," the thrilling and thoroughly satisfying film feature which will be the attraction at the Alhambra theatre on Sunday with Miss Clara Kimball Young in the title role, supported by a superior cast including When looking for a screen girl is a weird, strange man from the east who has a startling hypnotic power and through this power he gains control of the body and soul of Trilby and uses this control to change her from a beautiful girl with no voice

into one of the most successful singers in the entire world. This change in Trilby's life works saved with her love affair with Little Billee and leads to a tragic and surprising climax. Needless to say this is a thoroughly enjoyable offering.

Monday and Tuesday.
Tom Brown the splendid young husky juvenile, Walter Long and a number of other prominent artists are included in the cast supporting Blanche Sweet in the Jesse L. Lasky production "The Girl of My Dreams" which will be seen at the Alhambra on Monday and Tuesday. This thrilling photoplay is written especially for Miss Sweet by the noted dramatist, Hector Turnbull and prepared for the screen by Mr. Lombard. It was taken on actual occurrence at one of the vineyard settlements of California and shows the sympathies of the Americanized Mexicans in spite of their continued contact with educated people, in this Paramount picture Miss Sweet is seen as a woman doctor.

TO STOP BAD COUGH
SOUTH DRY, IRRITATED THROAT WITH PARONYM SALIV, SAYS THIS OLD FASHIONED COUGH MEDICINE IS THE BEST
We are told that the old time remedies are best and invariably contain less harmful yet better medicine than those which are in use today. This being so, undoubtedly the following old fashioned recipe which is quick acting will be welcomed by many as there seems to be a regular epidemic of coughs at the present time. Secure from your druggist 1 ounce Paronym (double strength) take this home and add to it a quarter pint of hot water and 4 ounces of granulated sugar, stir until dissolved. Take 1 tablespoonful four times a day. No more hacking, your whole body with a cough. Clogged nostrils should open, air passages of your head should clear and your breathing become easy. Paronym is pleasant to taste, easy to prepare and costs little. Every person who has a stubborn cough, hard cold or catarrh in any form should give this prescription a trial. T. J. Evans can supply you.

NOTICE OF PAROLE.
Notice is hereby given that David Wilbur Sorrell, a prisoner now confined in the Ohio State Reformatory, Mansfield, Ohio, is entitled under the law and rules governing paroles from said institution, to recommendation to the Board of Administration, by the Superintendent and Chaplain as worthy of consideration for parole. Said application will be for hearing on and after February 12, 1917.

associates will comprise a company
known as Donahay, Moore & Donahay,
which will manufacture a prod-
uct known as "unifite." This is the
only company in the country of its
kind.

A few years ago J. H. Donahay,
on a trip through Egypt, Italy, Eng-
land and other foreign countries
made sketches of ancient carvings
on stone. He conceived the idea of
using them in tiles to adorn homes.
The sketches were given to Mr.
Moore who worked them out in clay
and their perfection has caused
architects to place large orders. The
plant will be located at Uhrichsville
and the company has been organized
with J. H. Donahay as president, A.
V. Donahay, secretary and treas-
urer and Walter Moore vice pres-
ident.

The Rev. Dr. B. F. McElfresh will
preach and conduct evangelistic ser-
vice at the Neil Avenue M. E. church
this evening at 7:15 o'clock. The
pastor, the Rev. J. W. Atkinson has
been assisted in special meetings the
past week by the Rev. Mr. Geisen of
Granville and the Rev. Mr. Walter
of East Newark. The meetings have
been well attended and are growing
in interest.

The Courts

Divorce Petition.
Viola C. Betts has filed a petition
in probate court against Emery
Betts. The parties were married
July 25, 1911, and are the parents
of one child. Plaintiff alleges that
defendant has abandoned her on
numerous occasions, leaving her de-
stitute, and that the last time he
went away he remained for two
years, and that he has remained
away ever since. He is also charged
with extreme cruelty and a failure
to provide plaintiff with the neces-
sities of life. Plaintiff asks for a di-
vorce, care, custody and control of
the minor child and for all relief to
which she may be entitled.

Admitted to Probate.
The will of Elizabeth Alsdorf, late
of Utica, has been admitted to pro-
bate. No appointment has as yet
been made.

Marriage License.
Fred H. Stevens, a farmer, and
Miss Anna E. Osburn, both of
Franklin township, Rev. G. B.
Schmidt named to officiate.

**SUNDAY SCHOOL
CONFERENCE FOR
COUNTY WORKERS**

A large number of Sunday school
workers and county and township
officers will attend a Sunday school
conference tomorrow at the First
Presbyterian church. The morning
session will begin at 10 o'clock, and
the afternoon session at 1:30 o'clock.
Arthur T. Arnold, state secretary
of the association, and Mrs. Phoebe
Curtiss, state elementary superin-
tendent will conduct the conference,
and there will be a round-table dis-
cussion relative to the efficiency of
Sunday school work.

David Bricker of Utica is county
president, and Nellie J. Wygant of
Pataaskala is county secretary. This
conference is for all persons inter-
ested in Sunday school work and no
doubt many will take advantage of
this opportunity to become more ef-
ficient in Sunday school work and at
the same time will be glad to hear
Mr. Arnold who has a national rep-
utation.

**Can't Send Photo
of Confidence Man
Held in Pittsburgh**

The Pittsburgh authorities in an-
swer to a letter of Chief Sheridan
requesting a photograph of a man
who after getting a widow's money
under promise of marriage and then
tried to get away, but was followed
by the woman and arrested, tell him
that no photograph of the man had
been taken.

The Newark chief thought maybe
he could connect the man under ar-
rest in Pittsburgh with the fellow
who a couple of years ago victimized
Mrs. H. P. Kutz of about \$400 un-
der similar circumstances.

Full of Thrills.
The Visitor (to friend just mar-
ried)—So you are not getting tired
of studio life, eh?
The Artist's Wife—Good gracious,
no! It's most interesting. Jim
paints, and I cook. Then the same
is to guess what the things are meant
for.—London Opinion.

Lightening the Burden.
'Do you approve of Prohibition?'
'Yes,' replied Uncle Bill Bot-
tles. 'With the present high cost of
food I dunno as it's sensible to try
to take care of a hunger an' a thirst
both at once.'—Washington Star.

Sullivan—'What is your idea of a
perfect man?' 'Cautious.'—'One who is
willing to acknowledge his faults.'—

NEW DIRECTORY PUBLISHED SOON BY 'PHONE CO.

New Lines Will be Installed to Pro-
vide for Growth of Automatic
System—New Stock is
Issued.

The Newark Telephone Company
is compiling a list of subscribers to
its system for the new telephone di-
rectory which will be sent to the
printers next week, and prospective
subscribers are requested to contact
for service at once, in order that
their names may be included in the
new book.

The Company also requests that
the Chief Operator, No. 1170, be no-
tified of any changes or errors in
Names, Street Numbers, etc., of
which she has not already been ad-
vised.

Work is already underway to re-
lieve the congested condition, due to
the popularity of the Company's Au-
tomatic service, now felt in certain
sections of the City and 600 addi-
tional lines of switchboard equip-
ment will be ordered for this pur-
pose. A large gang of men is now at
work enlarging the cables in the
North End, the cables on North
Fourth street are being enlarged and
new cables will be installed on Moul-
street, and in the Jefferson and
Rugg Additions.

Two hundred of the new addi-
tional switchboard lines will be installed
in East Newark, and the East Main
street cable will be enlarged and ex-
tended to O'Bannon avenue and the
Madison heights Addition, where the
Company is now having trouble sup-
plying the demand for service.

The Public Utilities Commission
recently granted to the Newark
Company, permission to issue \$50,-
000.00 of Preferred stock, the pro-
ceeds from which are to be used on
these extensions and other plans for
enlarging and improvements, which
are now underway.

The Newark Exchange has now
4700 telephones in service and it is
expected that this increase to the
plant will provide facilities for 6000
telephones. 11

FIRE RATES WILL BE REDUCED IF CHANGE IS MADE

That Newark through its city of-
ficials, commercial and civic orga-
nizations should work to have its
classification reduced from class
three to two and one-half and there-
by gain a reduction in fire insurance
rates was the recommendation of the
fire prevention committee to the
Membership Council at a meeting
held in Chamber headquarters last
night. The recommendation was
adopted.

The committee also recommended
the adoption of a building code and
that the national board building code
be followed just as closely as pos-
sible in drafting the local ordinance.
It also recommended city council to
expend \$1000 for standard fire hose
and thus conform to the rules of the
national board of fire underwriters.

It was also recommended that
there be installed a centrifugal five
million gallon pump at the pumping
station at a cost not to exceed \$3000.
This will eliminate the penalty held
against Newark by the state inspec-
tion board that there is only one
force main leading from the pump-
ing station when there should be a
reserve in case of accident.

The committee found that much
greater results can be obtained by
individual property owners applying
to the state board for a list of rec-
ommendations to improve their prop-
erties and thus gain lower rates.

After going over the report on
Newark's conditions, the committee
found a number of important im-
provements that have been made
since the last inspection and the state
board will be asked to give credit for
them. It is within the province of the
city to make enough changes in pres-
ent equipment to obtain lower basic
rates.

The committee is working in con-
junction with city officials to make
Newark one of the best fire preven-
tion cities of its size in Ohio.

OVER 100 SEATS RESERVED FOR C. OF C. DINNER

More than 100 reservations for
the Chamber of Commerce dinner in
Masonic Temple, Tuesday night, had
been reported at organization head-
quarters early today and the com-
mittee in charge is urging everybody
who wishes to attend to make appli-
cation for tickets at once.

Twenty prominent young business
men will don white coats and serve
as waiters under the direction of J.
R. Walters, chairman of the service
committee. A splendid menu will
be prepared under direction of W. C.
Kuster, Manager. Messer has
adapted a number of Newark fel-
lowship songs which will be sung by
the singers lead by the court house
quartet. Several other interesting
features will be introduced during
the course. President Beegs will
present a brief report of the work
of the various bureaus since the last
membership meeting August 17.

In addition to a large number of
distinguished railway officials from
other cities, there will be a number
of other guests. The committee re-
quests that those who desire to
bring guests notify it at the earliest
opportunity that they may be cared
for. Tickets can be obtained at the
New King store, Callender's Dry
Works and Chamber headquarters.

Got What He Asked For.
'I say, old man, do you happen to
have a five you are not using?'
'Why yes, here you are.'
'Thanks! But, I say, this looks
like a counterfeit.'
'It is. That's why I'm not using
it.'—Boston Transcript.

Granville

[Special to The Advocate]

Granville, Ohio, January 26.—A
large and enthusiastic audience en-
joyed the splendid program pre-
sented at the pupils' semester recital of
Denison conservatory Thursday eve-
ning, January 25th, which reflects
the greatest credit on the teachers in
each department. Where all were so
excellent it is impossible to commend
the performances of individuals.

The Pioneer Mending Bee was de-
lightfully entertained at the home of
Mrs. D. T. Davies in North Pearl
street yesterday afternoon, with
about twenty members present. The
time was employed in "snipping" a
great quantity of filling for com-
fort pillows to be sent to the Gran-
ville committee of the A. F. F. W.
Delicious refreshments were served
by the hostess to the following lad-
ies: Mesdames J. W. Ackley, Wm.
Carpenter, Doty, T. G. Field, Eliza
Given, Henry Jones, T. A. Jones,
McCrory, Pierson, Alex. Roberts,
Henry Schmidt, S. P. Tresize, John
Thomas, William Thomas, Allen
Wright, C. J. Wright, Mary More-
head, C. F. Hunter, D. T. Davies,
Sellers, and Misses Thelma and
Elizabeth Thomas, Martha and Bar-
bra Hunter. The next meeting will
be held Thursday, Feb. 8th at the
home of Mrs. Doty, on east Summit
street. All members urged to be
present as there is work to do.

Mr. F. P. Murray left this morn-
ing for Denver, Colo., in response to
a telegram from Mrs. Murray that
their son Donald is dying. The
young man accompanied by his
mother has been obliged to seek a
milder climate for his lung trouble
and for the past two or three years
has been in New Mexico, Arizona and
Colorado. The sympathy of the
community is extended to the sor-
rowing family.

E. A. Deeds and C. F. Kittering
of Dayton, well known in Granville,
have offered a vast field for aviation
flights and base ball grounds to their
home city. Both gentlemen are to be
among the delegates appointed by
the governor, to attend the national
convention of the Pan-American
aeronaautical exposition to be held
soon.

Great emphasis is to be given in
Granville as well as in every other
place in the world where Denison
people are to be found, to the prop-
er observance of "Denison Day," as
February third is henceforth to be
known every year. This is the date
on which the Ohio legislature in
1822 granted the charter to Gran-
ville College, and it supplies the
point on which all friends of Deni-
son are to concentrate. Granville has
celebrated many notable anniversar-
ies, the centenary of the town hav-
ing occurred in 1905, attended with
a great celebration; the citizens
planted a tree in celebration of Mrs.
Susan Rose one hundredth birthday
several years ago, and they sent one
hundred dollars in gold to their be-
loved centenarian, Mrs. Wartenbee
two years ago. Now they are to be
invited to join in an evening's en-
joyment of the 85th anniversary of
their own college by assembling in
Cleveland Hall and listening to fire-
minute speeches from their own rep-
resentative bodies. Keep the date,
and look for further announcement
from the mayor of Granville and the
President of Denison, who are formu-
lating a great program for the oc-
casion.

The mayor's proclamation follows:
"February 3rd, the date on which
the charter was granted to the Uni-
versity has been designated as Deni-
son Day and the request has been
sent to all former residents of Gran-
ville to make the observance of this
anniversary one of the important
traditions of the college."

"At this time when the interest of
the host of men and women scatter-
ed throughout the entire world is
being directed toward Granville it is
particularly fitting that the people
of Granville be given an opportu-
nity to co-operate in this great move-
ment and to reflect with mutual in-
terest the loyalty and devotion that
will be centered in this community
on Denison Day."

"The citizens of Granville are
therefore requested to assemble in a
town meeting at Cleveland Hall on
Saturday, February 3rd at 8:30 p. m.
to commemorate the eighty fifth an-
niversary of the founding of Deni-
son University and to participate in
the world wide observance of Deni-
son Day."

Illness Separates Couple; Ambulance Reunites Them

A husband and wife separated for
over four weeks by the illness of
both, spent the day together today.
Arthur Huff of 212 North Gay street
has been confined to a room at the
Newark Sanitarium suffering with
Bright's disease, while his wife is
lying critically ill at the home.
This morning Huff's ambulance
took the husband home, where he
spent the day and will be returned
to the Sanitarium this evening.

Well-Ed.
Lady Secretary (to persistent par-
ty who has been trying to collect):
Your check and others are all made
out for Mr. Humphreys' expense, but
he's been ill at home for two weeks
with gonorrhea.
Persistent Party—Great Scott!
He doesn't seem to me with his feet,
does he?—Litt.

Sore Throat or Mouth.

You must keep the throat and mouth
clean and bright. Any disease that
attacks the throat through which must
pass the food to eat, the beverage to
drink and the very air we breathe is a
serious matter. Why not get a
Tonsiline? It is the only remedy
prepared for that purpose. TON-
SILINE does the full duty—
you can depend upon it. Keep a
bottle in the house—where you can
get it quick if needed. 25c.

NEURALGIA AND SCIATICA

The one symptom of neuralgia is
pain and it is unmistakable.

In a large proportion of cases anemia
and debility are responsible for neural-
gia, particularly in women. To remedy
the neuralgic condition it is necessary
to build up the blood and improve the
general health and for this purpose
there is nothing better nor more con-
venient than Dr. Williams' Pink Pills.

Sciatica is nothing more than neu-
ralgia of the sciatic nerve.

If you have neuralgia or sciatic pain
do not go to great expense for treat-
ment until you have tried building up
the blood. If you are pale the chances
are very strong that the treatment with
Dr. Williams' Pink Pills are all that
you will require. Hot applications and
liniments may be used at the same
time if you desire. They may relieve
the pain and temporary relief is the
best you can expect from them anyway.
The pain in the nerve is caused by
nerve starvation. Dr. Williams' Pink
Pills give to the blood the elements
that the nerves need. They contain no
narcotics and are not pain killers.
They remove the cause of the pain.

Dr. Williams' Pink Pills are sold by
your own druggist or will be sent by
the Dr. Williams Medicine Co., Schen-
ectady, N. Y. Price 50 cents.

BUCKEYE LAKE "TARS" DINNER A BIG EVENT

Ship ahoy!
Hurry, hurry, all aboard!
Avast there, you lubber!
Ready now, cast off the lines!
The big Newark Tar Social will soon be under way.

Local members of the Buckeye Lake Yacht club are the busy sailors boys today, for the first stag event of the season takes place at the Hotel Warden tomorrow night at 7:30 o'clock.

The Columbus contingent, "40, count 'em," will leave the Ohio Electric dock at the foot of Rich and Third streets at 6:05 o'clock. They are coming over determined to have the time of their sweet young lives.

W. D. Fulton, secretary of state, "Our Whinnie," will head a delegation from the state house. He is to be one of the principal speakers and is chuck full of good things which he is going to hand out. "They've put me on the pan so often," said the honorable secretary, "that it's going to be a pleasure and deep gratification as well as personal enjoyment to return the compliment four-fold tomorrow evening."

"Our Whinnie" is going to bring a bunch of wires with him and there will be something doing every minute.

Chief Sailing Master Edw. Browne, will have charge of the crew and will introduce the roastermaster of the evening, and then will follow fun fast and furious. The program will be interspersed with some of Newark's best talent including the Royal Hawaiian band, the princes of vocalists, Frank Ewald and Karl Kuster, the city's famed comedians, Messrs. Dave Murphy and Ralph Lipscomb and several others. There will be short talks by J. A. Flory of this city, Vice Commodore Harry D. Doane, Commodore L. C. Burnham, Past Commodore W. L. Whitacre, Judge Maurice Donahue, and members of the state board of public works. It's going to be one night that will be remembered in the annals of yachting. If you have an invitation you are lucky, indeed, because as Chief Master Browne states, it is a case of "In foul and fair weather, when good fellows get together."

"The Morning After"

(By Dr. L. W. Bower.)

One of the characteristic headaches due to uric acid in the system, which acts as a poison when it accumulates, is due to alcohol taken the night before. The kidneys do not succeed in throwing off this poisonous accumulation, the stomach is nauseated, or the blood congests in the head, causing throbbing pain. The circulation of the blood is depressed, the heart is depressed, the extremities, the muscles feel tired, or twinges of pain here and there are felt, and when this uric acid is deposited in the tissues or joints it causes rheumatism or gout. I always advise the drinking of hot water, a half pint in the morning, and a little Anuric. Sometimes the "blues" or a sort of rash, or a pimply face, gives warning of an "uric acid storm." At such times always take Anuric (double strength), which can be obtained at almost any drug store, and which you will find dissolves the uric acid almost as hot water does sugar.

Avoid too much meat, tea and alcohol. Drink an abundance of water, both hot and cold. Take Anuric three times a day until the bad symptoms all subside. This is the best way to avoid rheumatism and many of the pains and aches due to a uric acid condition. If you drink any alcoholic beverage you should keep the kidneys and liver active with Anuric so as to throw off the poisons which accumulate. If your tongue is coated with a dark brown taste, breath foul, followed sometimes by colds, indigestion, biliousness, constipation or sour acid stomach, you should take some vegetable laxative. Such a one is made in sugar-coated form from the Mayapple, leaves of aloe, and root of jalap, and commonly sold by almost all druggists as Dr. Pierce's Pleasant Pellets. They are standard and have been in ready-to-use form for nearly fifty years.—Advertisement.

Do You Remember

When Pat Lamb had canal boat anchored in middle of canal upon which he sold liquor, and thus complied with a peculiar liquor law in force half a century ago?

When Licking county was one of the greatest walnut and oak timber producing counties in the United States? A great part of this was rafted on the old Ohio canal from Hendon to Newark, and loaded on cars at the B. & O. station, being shipped to Lorain Point, near Baltimore, and then to Europe where it brought the highest prices of any in these markets. It was hewed, dressed, the ends painted red and branded "Diamond K." Andrew Brown of New York was consignee of most of the timber from this county. These oak and walnut logs were the first to be shipped in any considerable quantities from the United States to Europe.

When there were two public school buildings in Newark—an old brick building south of the canal, and an old frame near "Whittle Point"?

When the Newark High School was in an old frame building back of the First Presbyterian church?

When the Central school building was first ready for occupancy in 1857? When the third story was added to this building in 1857?

25 Years Ago

(From Advocate, Jan. 26, 1892.)

Dr. P. H. Stinebaugh and bride returned today after an extended wedding tour through the east. Today they are the guests of the bride's mother, Mrs. Mary E. Brennan, on Granville street. They will be at home in the Kellenberger block on North Third street after Wednesday.

Miss Sarah Sprinkle, of Altoona, Pa., is the guest of Miss Minnie Bentley.

Arrangements are being made to run excursions from all surrounding towns to Newark Friday to accommodate those who wish to witness the production of Deuman Thompson's Old Homestead.

The Solid Four orchestra go to Mt. Vernon tonight to play for a dance given by the Elks of that city.

Mr. and Mrs. John E. McMillen of the East End entertained last evening in honor of their guests, Misses Bishop and Rowley, of Zanesville.

15 YEARS AGO TODAY.

(From Advocate, Jan. 26, 1902.)

Mr. Homer Howard was delightfully surprised on Wednesday evening at his home on Clinton street. Games, dancing and refreshments were the chief features of the evening.

Miss Ethel Pitzer entertained her Sunday school class last Saturday. Those who enjoyed the evening were Roy Brennum, Sherwood Miller, Addison Dickinson, Rollin Sook, Clyde Abbott and Nelson Metz.

A. B. Dick late of Zanesville, has been appointed assistant division engineer of the Baltimore and Ohio railroad with headquarters in Newark.

The men's meeting at the Y. M. C. A. was well attended Sunday afternoon to hear the address by Prof. E. P. Childs of the Newark high school on loyalty.

Mr. J. M. Maylene cashier of the Peoples National Bank, met with a bad accident Saturday evening, he slipped on the icy sidewalk and fell breaking his right leg.

Miss Speer, the dancing teacher will hold her masquerade ball Monday evening.

The World War a Year Ago Today—Jan. 26.

German resumed attacks on the French positions near Neuville, France.

Delegates representing more than 2,000,000 trade unionists, meeting at Bristol, England, pledged themselves to support the government's prosecution of the war, but opposed the adoption of conscription.

Two Years Ago Today.

Germany seized all private stores of food grain. Russians driven from Ucock pass.

Constipation Poisons the System

Gives You Headaches and Stomach Trouble—Get Relief in Thirty Minutes by Taking a Wine-glassful of Tollo Water.

You don't get enough exercise in the open air to keep your bowels regular. Don't make a drug shop of your stomach stick to Nature. Tollo Water from Dawson Springs, Kentucky, is Nature's own liver and bowel regulator.

When you feel all fagged out, your food distresses you and you have a dull, mean headache in the morning, get quick relief by taking a third of a tumbler of Tollo Water in a glass of plain water before breakfast. It washes out the poisonous waste in the stomach and bowels, restores the liver of its bile and makes you feel fine in just a few minutes.

Take it regularly for several mornings to get the poison out of your system. After that an occasional wine-glassful will keep your bowels regular, your stomach ready to digest anything you eat and your head will feel fine and clear. Any druggist will sell you a bottle for 15 cents. Get one today and learn for yourself the benefit of this wonderful product of nature.—Advertisement.

The volume of business done by the "UNITED" in 1916 greatly exceeded that of any previous year.

This indicates unmistakably that we have held the confidence of the people by absolutely maintaining the high standard of UNITED WOOLEN CLOTHES despite the tremendous increase in production costs and the disturbed conditions in the woolen market.

We enter 1917 with freshened energies and the determined purpose to further extend the fame and add to the glory of this trade mark---
